Formal Complaint Regarding Harassment and Police Response

Date: September 4, 2024

Mr. Koski

I am writing to formally report an incident of harassment and the subsequent issues I faced when contacting the police for assistance at your request.

Per guidance from you. I contacted the police department by calling (719) 444-7000. I spoke with Janel Rogers, Badge #7808, for about 20 minutes. Unfortunately, despite my request for assistance, Ms. Rogers refused to dispatch an officer to my home. Due to this, I went in person to the police station located at 705 S Nevada Ave, Colorado Springs.

When I arrived, the officer at the window attempted to locate the record of my call, but there was no record found. I then requested for an officer to come out to take a formal complaint while at the police station, but I was informed that no officers were available. The officer then said she was calling the supervisor of Janel Rogers badge # 7808 and she initiated a call for service, which was logged as #2024-00331201.

Officer Delgado, Badge #5903, was dispatched to my home. When he arrived, I was treated with disrespect. Officer Delgado implied that I "sounded crazy" and refused to take my complaint seriously. He demanded that I "prove" my case, which is highly inappropriate, as the purpose of my call was to file a legitimate harassment report. Officer Delgado refused to take the complaint and only agreed to file a service call.

I am deeply concerned about the way my case was handled. As a citizen, I should not be denied the right to report harassment, especially when my family’s safety is at risk. I should not have been subjected to demeaning comments, nor should I have been forced to prove the validity of my concerns in such a dismissive manner.

Thank you for your attention to these serious matters.

Sincerely,
