John Wingo

the above-named case hereby move(s) the United States District Court, District of Minnesota for an Order to: (state what you want the Court to order)

Motion For Continuance / Investigation

because:

.Plaintiffs respectfully bring to the court's attention a matter of great concerns. Throughout the course of this legal proceeding, I have become increasingly confused and distressed due to what I believe to be instances of misinformation and deception by our legal representation as well as opposing. It is my sincere belief that certain statements made by plaintiffs lawyers or acting lawyers have been inconsistent with the

facts and have contributed to my confusion regarding the proceedings. In the hopes of coving up deception, fraud, privacy invasion and sabotaging of plaintiffs' cases.
